Our Service

Currajong OSHC diligently strives to demonstrate the right of every child to have his/her physical, emotional and social needs met in a safe, caring and supportive environment.

Developing and delivering programs and activities considered to be in the 'best interest of the child' are paramount to all Educators at Currajong After Hours School Care. Educators are proactive in ensuring that the care extended, protects every child from harm and demonstrates respect and regard for the child's dignity, individual needs and privacy.

The Service strives to provide positive experiences through quality programming for each and every child who comes under the care of the Service. Currajong Outside School Hours Care acknowledges in its programs, that school age care provides great opportunities for age appropriate activities to support the development of life skills and experiences.

Children are also encouraged to problem solve and be independent while having the reassuring presence, encouragement and guidance of the Educators supporting them.

The objective of Currajong OSHC is to support families in the care and development of their child/children.

Family involvement through committees and general support is vital to the continuance of the Service as we are a not-for-profit organisation operated by Volunteers.
